

A Coreworks platform, whether it is a VIP deck, a public deck or a dance platform, meets all European safety standards. Finished to perfection and turned into a presentable meeting area if so desired. The VIP deck is often supplemented with catering facilities.

VIP decks and public decks are constructed at a variety of events: sport, festival, corporate, both indoor and outdoor. See for instance the basic deck built for [ECT](#), the black banner decorated deck for [Vestingloop](#), the wood-finish deck for [Lakedance](#), or the atmospheric, two-story deck for [Theaterfestival Boulevard](#).

Our VIP decks look extra good with our [Black Label railings](#).

- V.I.P. deck
- Audience deck
- Camera deck
- Pontoon deck
- Dance platform
- 1 floor or multistory
